

Vision Health[†]

Helps Support Normal Vision[†]

DESCRIPTION

Vision Health provides antioxidant vitamins, minerals and botanical extracts to help combat free radical damage and to help support healthy vision.[†]

FUNCTIONS

The visual system is a complex system that depends upon various nutrients and cofactors to support the extensive biochemical and physiological processes essential for healthy vision. Our eyes are constantly exposed to oxygen and light. And the chronic exposure our eyes have to blue light emanating from phones, computer screens and televisions, only further increases damage to our eyes, especially free radical damage. Vision Health[†] formula provides antioxidant vitamins, minerals and botanical extracts to help combat free radical damage and help support healthy vision[†]. Besides being an antioxidant, beta-carotene is also a precursor to vitamin A, which is the most important nutrient for supporting the processes involved in the visual cycle. Zinc and selenium are critical nutrient antioxidants, and along with vitamin C help neutralize free radicals that may cause oxidative damage to the eyes. FloraGlo[®] lutein, which also contains zeaxanthin, helps filter damaging blue light before it gets to the macula portion of the retina. Macular degeneration is a major cause of age-related blindness. The Vision Health[†] comprehensive eye formula is a great first step to protect our vision.[†]

INDICATIONS

Vision Health[†] may be a useful dietary supplement for those wishing to support optimal eye function and minimize unnecessary eye damage.

FORMULA (WW #10375)

One Capsule Contains:

Vitamin C (as ascorbic acid)	50 mg
Zinc (as monomethionine)*	5 mg
Selenium (as amino acid complex)	50 mcg
Bilberry (<i>Vaccinium myrtillus</i>) fruit extract	60 mg
(standardized to 25% [15 mg] anthocyanosides)	
Eyebright (<i>Euphrasia officinalis</i>) herb	50 mg
Lutein from marigold	6 mg
(<i>Tagetes erecta</i>) blossoms**	
Lycopene (from tomatoes)	5 mg
Quercetin	25 mg

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Citrus bioflavonoids	50 mg
L-taurine	50 mg
Mixed carotenoids ***	3,000 mcg RAE (5,000) IU
(from <i>D. Salina</i>)	
Beta carotene	2,832 mcg RAE (4,725 IU)
Other carotenoids	165 mcg RAE (275 IU)
Other Ingredients: Rice powder, capsules (gelatin, water), magnesium stearate and silica. Contains soy	

This product contains NO sugar, wheat, gluten, artificial colors or flavors.

SUGGESTED USE

As a dietary supplement, adults take 2 capsules daily with meals, or as directed by a healthcare professional.

WARNING

Consult your physician or pharmacist prior to using this product if you are pregnant or nursing, taking additional medications, or have a medical condition. Discontinue use two weeks prior to surgery.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
